

CARL LUIS C. DIMAPILIS

carlluis57@gmail.com | uwisss.github.io/WebPortfolio | (+63) 9568922304

EDUCATION

Cavite State University-Silang Campus – BS Information Technology 2022 - 2026
Relevant Coursework - Web Development, Computer Networking, Database Management Systems, Computer Systems Servicing (Hardware & Software Troubleshooting), Systems Analysis and Design, Basic Network & LAN Management.

PROJECT EXPERIENCE

[Front-End Developer \(Freelance\) | Sole Explorer Travel and Tours Website](#)

- Designed and implemented a responsive frontend using Laravel/React.js, improving user navigation and site speed.
- Collaborated with a partner to deliver a professional-grade web solution for a commercial client.

[Lead Developer \(Capstone\) | Web-Based Schedule Code Generator](#)

- Designed and developed a campus-wide scheduling system for CvSU - Silang Campus using PHP Laravel and Blade template engine.
- Engineered automated logic for code generation and scheduling to reduce administrative manual entry errors.
- Managed the integration of a MySQL database to ensure real-time data consistency for faculty and student schedules.

SUMMARY

Motivated individual aiming to support organizational success by applying a solid foundation in Web Development, Network Infrastructure, and IT Support. Dedicated to learning, adapting, and contributing to long-term goals through high-quality work, as demonstrated by the successful delivery of commercial web solutions and maintaining technical systems.
